**Subject:** GYRD Contrat Updates

Hello Team:

Here is a quick update:

### **GRYD Prevention**

**Barrio Action:** Barrio Action's appeal was denied, as expected. A letter will be mailed out to Barrio soon. However, GRYD Office will be using its discretion to carve out a GRYD Zone for El Sereno exclusively. That means Alma will be losing El Sereno but keeping Lincoln Heights. This also means a smaller contract for Barrio but it remains as the GRYD provider for El Sereno.

This may not be the best win but I think it is a win nonetheless.

**Legacy LA:** The appeal's panel requested further information from Legacy LA to share with the original evaluator's panel for it to reconsider whether or not anything was overlooked in selecting Alma Family Services over Legacy LA.

### **GRYD Intervention**

For the northeast area, Breaking Barriers, which is Raul Claros' group won the contract after all. The Appeals Panel rejected SEA's contract because it was late and granted the contract to the second bidder which was this group.

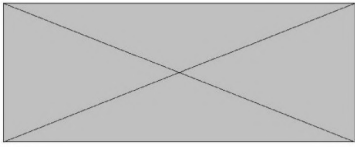

Please let me know if you have any questions. As a reminder, I am out of the office today.

Hello Richelle,

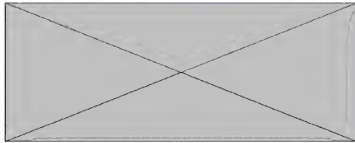

Here is the amending motion that was passed. Additionally, CM Krekorian made a verbal amendment to item a(iii) that was adopted by Council. That amendment provides greater flexibility in the use of the funds for youth development programs.

Please let me know if you have any questions.

## **Proposal for Heidleman Stairs Art/Renovation Project**

We, the neighbors of University Hills, are seeking funding to completely renovate the derelict and run-down Heidleman stairs and transform them into a community space that can be used by all. It's been 50 years since a facelift and now the community wants to take it back and make it "the heartbeat" of the community once again.

### **The Vision – "Our Hood" is Safe & Beautiful**

We want to improve the health and community of University Hills by creating a safe space for the neighbors to walk their dogs, get exercise and connect with their neighbors. Green spaces in urban areas have huge health benefits to the community. <https://www.nrpa.org/parks-recreation-magazine/2017/april/the-health-benefits-of-small-parks-and-green-spaces>

### **The Timeline – Fall 2018**

We hope to secure funding and be able to move forward with this project this fall when it cools down a bit. We are thinking Oct/Nov. We want to move quickly and get this done before the end of this 50<sup>th</sup> Anniversary year.

### **The Stairs – Our Hillside Park**

These stairs are one of the longest sets of stairs in Los Angeles and I believe they are the longest consecutive running stairs in the whole city. There are 234 stairs with 14 landings. They are a massive set of stairs that will leave your heart pounding!! (See attached video for a visual reference.) The area is surrounded by lovely old trees, has beautiful views from the top and there's even a trashcan in place. We definitely see this area as our future neighborhood park. (We don't have one!!)

## Proposal for Heidleman Stairs Art/Renovation Project

### The Rundown – The Reality

This area of our neighborhood has become a forgotten and unsafe place. The taggers / gang members have taken over every surface they can find including tagging our big beautiful old trees. They leave a trail of broken beer bottles and trash everywhere. One of the neighbors told me she would never walk these stairs because they are “scary and creepy”. Another neighbor has told me stories of walking with her children on these stairs 30 years ago to get exercise. These stairs have so much potential to become that place for our community again!! The goal is to see families walking with their kids on these stairs again.

<http://losangelesonfoot.com/el-sereno-university-heights-public-stairways/#1>

See attached newspaper clipping from 1968 when these stairs were redone 50 years ago.

## **Proposal for Heidleman Stairs Art/Renovation Project**

### **Old & New – History & Making It**

It's the 50<sup>th</sup> Anniversary of when these stairs were redone!! The stairs were originally built in 1929 so people could have a quick and direct walkway to the main street. They were completely redone in 1968 to the stairs we see today. As our neighborhood is becoming safer, people are starting to walk around again. As we can all see, these stairs are ready for some love.

We are planning to connect with El Sereno Middle School and other neighborhood kids to get our young community involved. The plan is to engage the young people of our community to come up with a theme for the stairs. Once the theme is decided on, we will provide the artists and the supplies to bring this vision to life.

Our goal is to create pride in our neighborhood and to do it through art and our connection with the young people in our area. We feel it is very important for them to feel this connection to all of us because they truly are the future of El Sereno. We believe if people have the opportunity to be involved in creating art for the community that it will be infectious and inspire more and more!

### **The Art & Artists - 14 Landings and 220 Stairs**

There are many ways to produce the results that we are envisioning but we feel it is very important to engage the young people of our community to bring this to life.

The young people create the theme and with the help of local artists we will all work together to physically bring this vision to life. The artists will create murals on the landings and the community will help paint all of the remaining stairs and railings in between.

We would like to bring in around 5-7 local artists and we will break into teams. Each team will be assigned a set of landings and stairs that they will be painting. All of the artists will bring their artistic visions through with the help of their teams.

There's a wall that's connected to Landing #2 of the stairs that has been an exhausting battle for the homeowners to deal with the gangs/taggers constantly spray painting it. We would like to create a beautiful mural here that will connect with the vision of the stairs and discourage future tagging.

Lastly, we plan to appoint an art director to oversee the full vision of this project and to ensure that all of the different art comes together perfectly. We want to make sure that the end visual is a pleasing one for everyone to enjoy.

### **The Future – El Sereno Works Together**

This is also a good positive publicity opportunity for the El Sereno community. We would like to start building a positive reputation and let the rest of the city see how special this little forgotten spot is. We've already started working on a short documentary about this renovation so we have a really fun visual to share with our local media outlets!! This is a win for everyone!!

## Proposal for Heidleman Stairs Art/Renovation Project

### The List – Things We Would Like

- \* Paint & supplies – exact needs will be determined by the artists
- \* Add a pet waste station
- \* We would like to add some additional light to the middle part of the stairs near the trashcan. It's very dark at night and will help with some of the safety issues.
- \* A bench to enjoy the amazing views – this could also become an art project.
- \* Trees trimmed away from the lights that are there.
- \* Add drought tolerant native California plants to the hillside area.  
*(We have a new local nursery in the neighborhood that will help us with this, Artemisia Nursery. This is assuming that the city owns the land we looked at and we can plant here. Maybe make it a nature walk?)*

Thank you for taking the time to read this and please let us know if you need any additional information.

Sincerely,  
Peter & Jessica

### *Plan new stairway for El Sereno*

That rickety old stairway from Williams Place to O'Sullivan Drive in El Sereno, first built in 1929 and now condemned by the city, will be replaced early in 1948, according to Councilman John Halliwell's office. Design work on a new stairway will be completed this year with construction work to follow. The old walk has been closed pending reconstruction. The new stairway, estimated to cost approximately \$21,400, is needed to save at least a three block walk for nearby residents.

Dear Eva,  
Good Morning!

My name is Luisa Acosta (formerly Franco) and I serve on the Board of Hollenbeck PALs and I am also a long-time friend and supporter of the Councilman and Richelle. I was also Deputy Chief of Staff to former Councilmember Richard Alatorre for CD 14.

I understand that Richelle has already reached out to you to let you know that I would be requesting a meeting with the Council member and regarding Hollenbeck PALs. We would also like to have Richelle in this meeting if her schedule permits.

**We have some exciting news to share - Hollenbeck PALs is being recognized nationally for co-creating with USC the FIRST OF A KIND Teaching Institute that pairs up Law Enforcement/Social Work (Mental Health) to create a holistic approach that entails Serving, Protecting and Healing.**

We are so excited that this is being done in CD 14! The program has 12 interns from USC and is serving 115 kids and 100 parents.

**Executive Director of PALs, Lorraine Garcia and Associate Professor at USC Rosemary Alamo were invited to co-present at our nation's capital at the national Conference for Social Work. They have also been invited to speak in Chicago and Lorraine will accept the Citizen of the Year award on October 26th in Los Angeles for this collaboration.**

At this meeting we will share further details with the Council member about the program and some other great things taking place in CD 14 as a result to these life changing programs.

In addition to the meeting request, I want to put on his calendar **Friday September 28 at 6pm the Hollenbeck Hook & Book Comedy Show at the Ron Deaton Auditorium. We expect about 500 guests and would love to have the councilman say a few words.**

Please feel free to reach out to me on my cell at [REDACTED]

Thank you,

Subject: Becerra Bio for Mrs. Huizar (Intro)  
To: Eva Camacho <[eva.camacho@lacity.org](mailto:eva.camacho@lacity.org)>

Xavier Becerra is the the 33rd Attorney General of California, and the first Latino to hold the office in state history. A staunch advocate for hardworking families, Xavier has brought decades of experience to defend the rights of nearly 40 million Californians. Since taking office in January, Becerra has taken the Trump Administration to court to defend the Affordable Care Act (ACA), and the Deferred Action for Childhood Arrivals (DACA). He's led the fight against the discriminatory Muslim travel ban, the EPA's illegal delay of air quality standards, and the ill-conceived wasteful plan to build a wall along the California border.

Becerra has announced multi-million dollar settlements on behalf of Californians harmed by bad over-the counter medications, wire fraud scams, and compromised credit card information. He has secured tens of millions of dollars in debt relief for students who were taken advantage of by predatory for-profit colleges. And he prevented Big Oil giant Valero from taking over a petroleum distributor which could have led to higher gas prices at the pump.

The Attorney General's work as chief law enforcement officer follows more than two decades of service to the people of Los Angeles in the U.S. House of Representatives, where he was also elected to serve in leadership — chairing the Congressional Hispanic Caucus and then becoming Vice Chair and ultimately Chair of the House Democrats. In the U.S. House, Becerra became the first Latino to serve on the powerful Ways and Means Committee, fighting for a fairer tax code and for fairer trade laws and working to protect Social Security and Medicare.

The first in his family to attend a four-year college, Becerra graduated from Stanford University in 1980 and received his juris doctorate from his alma mater in 1984. Following law school, he worked for a legal services agency representing the mentally ill. In 1987, he was appointed as a California Deputy Attorney General. And in 1990, he was elected to the California State Assembly. Becerra is married to Perinatologist Dr. Carolina Reyes and they are the proud parents of three daughters: Clarisa, Olivia and Natalia. Born in Sacramento, Becerra is the son of immigrants — a construction and clerical worker — who taught him the value of working hard to earn a chance to get ahead.

Hi Mayra,

I'd like to take the time to introduce myself, I'm Sonnie Martinez the new East Area Representative for the Mayor's Office of Public Engagement-Amanda Mejia's successor. I really look forward to working with you and your team.

I know this is a very last minute request, but I was hoping to see if Councilmember Huizar (or maybe even Richelle) is available, for a brief 5-10 minutes, to be a guest speaker at the Mayor's Youth Council this Saturday 10/21, anytime between 10am and 12:30pm? I know that this is a last minute request and its asking

a lot, but my hope is to get these high school youth excited about civic engagement. Our first lesson is Local Government 101 and I will introducing my cohort to ways they can make an impact. Being a fellow public service leader, I would love for the Councilmember or Richelle to talk about how they came to be in office and the strength of civic leadership.

My meeting is going to be held at the Hollenbeck Community Police Station and I have a cohort of about 75 high school students from all over the district. If they cannot come out, I completely understand. But if you happen to know anyone who is a good speaker, can you please point me in their direction?

Warmly,

I communicated with the group that we have a draft motion that the office is still working on. I also shared that the office was having discussions with appropriate city staff regarding some of the language. They haven't felt a sense of urgency from us. I told them that we were going to change that. Zenay and I spoke yesterday about a good plan to move forward. She had a great idea about scheduling a site visit. We also discussed the possibility of discussing the matter in committee like you did with Exide. And we talked about meeting with Caltrans and pulling together a working group with Wendy to work through the resident's issues. Let's talk.

Zenay, I spoke with Lisa today and told her that you would reach out to her tomorrow or Tuesday to coordinate something.

Thanks!!!

Hello Nate,

We would like to cordially invite the Councilmember to our annual design gallery as the keynote speaker to open the gallery.

The Design Gallery is about showcasing our projects in the City and each year we invite a Councilmember to host as a honorary guest. The Councilmember honored us once about 7 or 8 years ago and attended the event. Last year we had Councilmember David Rue as the keynote speaker.

The reception truly helps us celebrate staff accomplishments, provide moral support and create a more positive environment during the holiday season, encouraging a great start to a new year.

To help recognize the staff's hard work we also invite our 32 consulting firms (several large internationally active firms part of the group) and many general contractors working in City projects, Mayor's Office, CAO, CLA, General Managers, Assistant General Managers, Board of Public Works president and Commissioners and many other City Staff.

The event this year is on Thursday. December 7th.

The Gallery reception begins at 10:30 followed by our holiday luncheon at 12 noon. The Councilmember can be there around 11:15 to 11:30 ish. The event will take place at La Kretz Innovation Campus in the downtown Arts District.

We hope the councilmember schedule will allow to honor us once again with his presence. Thank you so much.

Richelle attended a meeting in el Sereno with 710 tenants and were frustrated that my office hadn't responded to motion I said I will do etc. I spoke with Hugo Garcia and suggested we may be able to bring him in on hourly basis to work on the matter for our office.

Richelle spoke with zenay on issue and they are planning on how to address from city side. Please contact him ASAP and see if something can be worked out to build our capacity in this issue.

Hello Nate,

We would like to cordially invite the Councilmember to our annual design gallery as the keynote speaker to open the gallery.

The Design Gallery is about showcasing our projects in the City and each year we invite a Councilmember to host as a honorary guest. The Councilmember honored us once about 7 or 8 years ago and attended the event. Last year we had Councilmember David Rue as the keynote speaker.

The reception truly helps us celebrate staff accomplishments, provide moral support and create a more positive environment during the holiday season, encouraging a great start to a new year.

To help recognize the staff's hard work we also invite our 32 consulting firms (several large internationally active firms part of the group) and many general contractors working in City projects, Mayor's Office, CAO, CLA, General Managers, Assistant General Managers, Board of Public Works president and Commissioners and many other City Staff.

The event this year is on Thursday. December 7th.

The Gallery reception begins at 10:30 followed by our holiday luncheon at 12 noon. The Councilmember can be there around 11:15 to 11:30 ish. The event will take place at La Kretz Innovation Campus in the downtown Arts District.

We hope the councilmember schedule will allow to honor us once again with his presence. Thank you so much.

Dear Juanita,

We are so excited about the "Dolores Huerta Plaza" on the four corners of 1st and Chicago and in front of the CSO building where the UFW worked out of so many years ago. City Councilperson Jose Huizar's office needs your help with the wording on the street signage. The following is suggested text but you can also suggest text. 8-10 words.

We're working on the wording for the signage for Dolores Huerta Square. Underneath that name, we can add a short sentence of 8-10 words. We want to run the wording by the family.

Can you check with her daughter? We want their feedback this week (so we can create the prop sign for the event) on the following three suggested sentences (or they can suggest an alternative one of the same length): Our staff prefers the first one, but we are open...

- 1) A trail blazing labor leader & Civil Rights activist
- 2) A true pioneer in Latino empowerment
- 3) A true pioneer in community empowerment

or "Labor Leader & Civil Rights Activist, Si se Puede!" (This is my thought).

Let me know if you have any questions.

paz,  
Leda

I communicated with the group that we have a draft motion that the office is still working on. I also shared that the office was having discussions with appropriate city staff regarding some of the language. They haven't felt a sense of urgency from us. I told them that we were going to change that. Zenay and I spoke yesterday about a good plan to move forward. She had a great idea about scheduling a site visit. We also discussed the possibility of discussing the matter in committee like you did with Exide. And we talked about meeting with Caltrans and pulling together a working group with Wendy to work through the resident's issues. Let's talk.

Zenay, I spoke with Lisa today and told her that you would reach out to her tomorrow or Tuesday to coordinate something.

Thanks!!!

Hi Mayra,

I'd like to take the time to introduce myself, I'm Sonnie Martinez the new East Area Representative for the Mayor's Office of Public Engagement-Amanda Mejia's successor. I really look forward to working with you and your team.

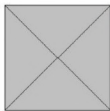

I know this is a very last minute request, but I was hoping to see if Councilmember Huizar (or maybe even Richelle) is available, for a brief 5-10 minutes, to be a guest speaker at the Mayor's Youth Council this Saturday 10/21, anytime between 10am and 12:30pm? I know that this is a last minute request and its asking a lot, but my hope is to get these high school youth excited about civic engagement. Our first lesson is Local Government 101 and I will introducing my cohort to ways they can make an impact. Being a fellow public service leader, I would love for the Councilmember or Richelle to talk about how they came to be in office and the strength of civic leadership.

My meeting is going to be held at the Hollenbeck Community Police Station and I have a cohort of about 75 high school students from all over the district. If they cannot come out, I completely understand. But if you happen to know anyone who is a good speaker, can you please point me in their direction?

Warmly,

Hi Richelle / CM,

Sending you the below request. Mayor's Office is asking if either one of you is available to attend and speak at the Mayor's Youth Council this Saturday anytime from 10am - 12:30pm.

I know the Councilmember has a previous engagement but maybe you can attend Richelle?

Location is the Hollenbeck Police Station and there will be about 75 high school students from all over the district.

Please let me know. Thank you!

Hi Mayra,

I'd like to take the time to introduce myself, I'm Sonnie Martinez the new East Area Representative for the Mayor's Office of Public Engagement-Amanda Mejia's successor. I really look forward to working with you and your team.

I know this is a very last minute request, but I was hoping to see if Councilmember Huizar (or maybe even Richelle) is available, for a brief 5-10 minutes, to be a guest speaker at the Mayor's Youth Council this Saturday 10/21, anytime between 10am and 12:30pm? I know that this is a last minute request and its asking

a lot, but my hope is to get these high school youth excited about civic engagement. Our first lesson is Local Government 101 and I will introducing my cohort to ways they can make an impact. Being a fellow public service leader, I would love for the Councilmember or Richelle to talk about how they came to be in office and the strength of civic leadership.

My meeting is going to be held at the Hollenbeck Community Police Station and I have a cohort of about 75 high school students from all over the district. If they cannot come out, I completely understand. But if you happen to know anyone who is a good speaker, can you please point me in their direction?

Warmly,

Hello Good morning Yolanda,  
Yes, absolutely, you need to obtain a permit from the Department of Cultural Affairs.

Here is the link to their website that provides information on the program <http://culturela.org/murals/> and here is the electronic copy of the application [http://culturela.org/wp-content/uploads/2015/12/Private-Property\\_OAM\\_Mural-Application.pdf](http://culturela.org/wp-content/uploads/2015/12/Private-Property_OAM_Mural-Application.pdf).

As part of this process, you will need to have a community meeting prior to beginning the mural where you invite neighboring and surrounding stakeholders. In addition to our office and the Neighborhood Council I would suggest you invite Talpa Church & School, Evergreen Rec Center, and Roosevelt High School, and you're also encouraged to invite others or your neighbors. Before having that meeting you will need to post up a sign for your meeting 14 days prior to your meeting.

Please feel free to review the application and let us know if you have additional questions.

Thanks and best of luck!

- Rocio

His work combines ethnographic, in-depth interviews, participant observation, and quantitative methods to document and explain the processes that govern the incorporation of immigrants into U.S. society. He is currently working on several projects looking at low skilled immigrant workers, the role of immigrant workers and disaster relief, and immigrant participation in civil society.

At UCLA, Professor Valenzuela Directs the Center for the Study of Urban Poverty. He teaches courses on immigration and U.S. society, urban poverty and public policy, labor markets, and planning issues in minority communities.

He was born and raised in Los Angeles, earned his BA at UC Berkeley (1986) and obtained his MCP (1988) and Ph.D. (1993) in urban and regional studies from MIT.
